

ORDINANCE NO. 375

**AN ORDINANCE REPEALING SISTERS MUNICIPAL CODE
SECTIONS 8.08.010 AND 8.08.020, ADDING NEW CODE SECTIONS
CONCERNING OPEN BURNING.**

WHEREAS: The state of Oregon has determined that open burning can release many types of toxic fumes including volatile organic compounds, particulate matter, carbon monoxide, ash residue, sulfur dioxide, lead, and mercury, and that the burning household waste is one of the largest known sources of dioxin in the nation; and

WHEREAS: DEQ has determined that during the burning of leaves and plant materials millions of spores are sent aloft, causing people with allergies to have difficulty breathing; and

WHEREAS: DEQ has determined that open burning can irritate eyes and lungs, aggravate respiratory conditions such as asthma and bronchitis; and has been linked to other health problems including nervous system damage, kidney and liver damage, cardiac arrhythmia and heart attacks; and

WHEREAS: DEQ has determined that open burning can also obscure visibility, damage nearby surfaces and property, create annoying odors, pose a general nuisance to the community, and adversely impact the livability of neighborhoods; and

WHEREAS: Because of the forest urban interface in the City of Sisters, the risk of the spread of uncontrolled fire is of significant concern to the City and its residents; and

WHEREAS: In order to restore and maintain the quality of the air resources of this state in a condition as free from air pollution as is practicable it is the policy of the state of Oregon to (1) eliminate open burning disposal practices where alternative disposal methods are feasible and practicable; (2) encourage the development of alternative disposal methods; (3) emphasize resource recovery; (4) regulate specified types of open burning;

NOW, THEREFORE, THE CITY OF SISTERS ORDAINS AS FOLLOWS:

Words in *italics* are added and words ~~struck through~~ are deleted:
