---

Hi Nicole,

Following up on your question about phasing north of Barclay. The current tentative plan includes three phases with up to 17 lots, with all phases similar in size (by acreage and number of lots). As drafted now, the phasing includes 6 lots (phase 1), 6 lots (phase 2), and 5 lots (phase 3). The phase 3 lots are a little larger in size, making the acreage similar between all three phases.
