Hi there, my name is Amanda Booth, and my family and I recently moved up for my husband's job relocation. When we were originally searching for our new home, Sisters was the ideal place for us to live. However, the lack of availability, as well as the high price when there was, pushed us to move to Bend. Had we had the opportunity to find a home in sisters, we would of jumped at the opportunity. Our son no doubt would of loved to attend the local schools.

We hope in the near future affordable housing in Sisters is made available!
