Dear Mathew,

I want you to know I am not in opposition to this development but the size and density is a concern especially at this time.

We have not completed developments in Hayden Homes off McKinney Butte by the schools, (not to mention the elementary school move itself), the Woodhill Homes area off Cowboy and Horse Back Trail and The Woodlands down Pine and Barkley.

We have no idea what impact these unfinished developments are going to have on already stressed streets, wildlife and water. How are you planning to evacuate us when on any given Thursday to Monday we can hardly move in this small town.

I would hope for a break in any further development until we get that school moved and some of the other developments finished.
