Mr. Martin,

This is to voice my objection in the strongest possible way to the proposed plans to build Sunset Meadows.

I am curious to know if there are any Sisters residents voicing their support of this proposal.

The proposal as it stands will not solve any of the major affordable housing concerns Sisters has. Quite to the contrary.

It can create slowing or inability to respond to emergency calls by our first responders because of increased population, not just from this development but in addition to the other six in Sisters.

It can tax water consumption when we already have concerns.

It can create a traffic nightmare at Brooks Camp Rd and the 242.

It can create loss of the beautiful view residents have enjoyed for years.

It can create more congestion on our already overcrowded streets.

It can create more parking problems in town.

Please reconsider granting approval of this proposal. Thank you for your consideration.

Margie Lombardo
