Dear Mr. Martin,

I received a flyer on my front door yesterday urging me to voice my opinion regarding the above referenced project, Sunset Meadows.

I'm sure you are inundated with complaints but I feel that I do need to join in and agree with the those who oppose this development. The negative impact that this project will have on our community is so apparent that it can't be ignored. Traffic congestion, fire evacuation, wildlife habitat impacts, water impacts, dark sky impacts to name a few of the most important. Also, why are these new developments not required to conform with the Historic Western architectural theme that makes Sisters so unique and charming?

Now that Laird Super Foods has closed, Sisters need for additional housing is greatly reduced. Wasn't Laird's the reason this project was approved in the first place?

I pray that the powers that be will take into consideration what the current residents of Sisters want and need. We moved here to get away from the big city and all of the negative things that go along with living there. It breaks my heart to see all of the forest that is being destroyed by developers/developments.

Thank you.

Judith A. Wahl
