I am writing in regard to the development called Sunset Meadows at the beginning of Highway 242. I feel that this project is way too big for the town of Sisters lol Not only are trees going to be gone, but we are in a drought. This is a fire zone, and if there are evacuation orders--heaven forbid-- can you imagine everyone trying to get away to Hwy 20 from this area. I understand there is an alley way planned to go along the fence of the Pines Community ---and if you have a tractor shoveling in that area, it will pile upon the Pines Property fence. This is unacceptable for any community.

Please reconsider this type of development. It does not belong in this town that we need to protect from this kind of development. We had heard the owner had wanted it to be developed into a Park. What a super idea!!

Thank You:. Sharon & Stan McLean
